KAWTHAR IKRAM KHEZOUR

Software Developer | Full-Stack Development | Artificial Intelligence

+213 699 684 252 | kawtharikram2020@gmail.com | GitHub | LinkedIn | Algeria

PROFESSIONAL SUMMARY

Computer Science graduate specialized in Web & Mobile Application Development with hands-on experience building production SaaS, e-commerce and multi-role web platforms. Skilled in Next.js, React, TypeScript, Supabase and PostgreSQL across internships, freelance work and end-to-end client projects. Incoming Master's student in Artificial Intelligence with a strong interest in AI-enabled software and intelligent systems.

TECHNICAL SKILLS

Programming: JavaScript (ES6+), TypeScript, PHP, C, C#, Java
Frontend: React, Next.js 15, HTML5, CSS3, Tailwind CSS, Bootstrap, Responsive Design, PWA, RTL/i18n
Backend & Data: Node.js, ASP.NET, Supabase, PostgreSQL, MySQL, SQL Server, REST APIs, RLS, RBAC
Tools & Platforms: Git, GitHub, Vercel, Netlify, Figma, VS Code, WordPress

EXPERIENCE

Full-Stack Developer Intern | OPGI, Djelfa, Algeria | Feb 2026 - Apr 2026
- Co-developed SYNDIX using Next.js, TypeScript, Supabase and PostgreSQL; delivered authentication, payment tracking, automated PDF invoicing and real-time dashboards.
- Implemented PostgreSQL Row-Level Security for multi-tenant data isolation; graduation project received **19/20**.

Freelance Full-Stack Developer | Independent, Remote | 2025 - Present
- Design, build and deploy production web platforms for clients, covering UI implementation, database integration, role-based workflows and deployment.

Web Development Intern | Djeïfa Info, Djelfa, Algeria | Apr 2025 - Jun 2025
- Developed an ASP.NET CMS with role-based access control and responsive interfaces using HTML5, CSS3, JavaScript and PHP; performed QA testing.

IT & Network Intern | Algérie Télécom, Djelfa, Algeria | Mar 2024 - Apr 2024
- Configured and troubleshot computer networks and provided technical support across multiple departments.

SELECTED PROJECTS

SYNDIX - Property Management SaaS | Graduation Project: 19/20 | Label Projet Innovant
- Multi-tenant platform for building and resident management with payments, invoices, maintenance workflows, QR access, analytics and a mobile-first PWA.

Tour Mentor - Tourism Consulting Platform
- Platform connecting tourism investors with specialized consultants for project studies and advisory services, including expert workflows and an AI assistant for initial guidance.

Rowad - Education Management Platform
- Multi-role education platform designed around center administration, teachers, students and parents, with academic management workflows and responsive dashboards.

Hadyati - Arabic-First E-Commerce Platform
- Production RTL e-commerce platform with product catalog, cart, multi-step checkout, Algerian delivery flow and product/order administration.

Additional Project: Vita Morue - responsive French product/e-commerce landing experience with localized content and conversion-focused sections.

EDUCATION & CERTIFICATIONS

Master's Degree - Artificial Intelligence | Ziane Achour University, Algeria | 2026 - 2028 (Expected)
Licence Professionnelle - Web & Mobile Application Development | Ziane Achour University, Algeria | 2023 - 2026 | Graduation Project: 19/20
Software Engineering - Front-End Specialization | ALX Africa | 2025
